<p></p><p>The year 2027 brought hope to a world on the brink o
f environmental and political collapse. On the last leg 🧾 of its fundin
g, NATO's United Space Mission (USM) made a discovery on the moon that chang
ed the course of human 🧾 history. A large alloyed sphere, found nestled
in a crater under the lunar dawn, is revealed to be an alien 🧾 artifa
t containing a message for mankind. As an international team slowly deciphered t
he artifact, the content of this message began 🧾 catalyzing a huge leap
forward in our sciences. Humanity was abruptly catapulted into a new interstell
ar age. There are those 🧾 who now believe we were not ready. Intense, f
ast-paced, team combat. Animation and camera control that make you feel like
29534; a space marine...super human. Have it all: jetpacks, armor, hammers, swo
rds, guns, bombs, in melee, ranged, and aerial combat. Tanks 🧾 smashing
with hammers, deadly Scouts slashing their enemies down the middle with their k
atana, different jetpacks for every class create 🧾 dynamic aerial comba
t, Gunners sniping from across the map, and Tech healing and dueling while layin
g down turrets. Even throw 🧾 f-bombs! All class specific jetpacks allow
you to hop and bound across the map gaining momentum and speed. Your team's
🧾 combined skill and coordination determine the winner of this tournam
ent. Choose to fight as one of a growing cast of 🧾 classes battling in
10-20 minute matches. Please try it out. it is not like other shooters.</p>
