<p>Call of Duty: Black Ops Zombies is a spin-off game of the Call of Dut
y series' Zombies😄 mode and the sequel to Call of Duty: World at War
Zombies. Developed by Ideaworks Game Studio and published😄 by Activis
ion for the iOS and Android platforms,[1] it was launched in select countries on
December 1, 2011.[2]</p>
<p>Overview [edit😄]</p>
<p>It is the sequel to the popular mode on Call of Duty: World at War, the
fifth title in the😄 Call of Duty series. The game allows two- to four-p
layer co-op multiplayer, and, as a new addition to the iOS😄 platform, vo
ice chat and another new feature - to crouch and full prone - a first for all iO
S first-person😄 shooters. The first map released was Kino der Toten. Dea
d Ops Arcade has also been fully transformed to the iOS😄 platform, with
50 levels, and the player is able to select and play as one of the four characte
rs from😄 the console version (Tank Dempsey, Nikolai Belinski, Takeo Masa) Tj T* BT

from Dead Ops Arcade and a "rookie" soldier in the tutorial. Activisi
on has stated that further map packs will😄 be released in the near futur
e, free of charge, and Ascension was listed as coming soon in the map selection,
😄 while Call of the Dead's name was seen briefly after that. Both of
these maps have been released.</p>
<p>Kino der Toten😄 is much like its console/PC counterparts with t
he exception that its central stairway has been changed to two ramps that㈳
6; go in two directions and meet back up. All doors, perks, and weapons cost the
same number of points as😄 on console/PC.</p>
