The first is the ball. The red ball swings a lot more than the white ball, so it's a lot more difficult to play attacking shots against the red ball. This is probably one of the biggest reasons for the difference in scoring rates.

What makes batting and scoring quickly in Tests so much harder ...

Age 4 - 5 - Your child should be able to throw a tennis ball underhand for at least 10 feet while rotating their trunk and using opposing arm/leg movements. He should also be able to hit a target from 12 feet away, at least 50% of the time, using an overhand throw.
