Alt;p>Development for the game began in 2009. Whereas Treyarch worked on both World at War and the tie-in video game for the James Bond film Quantum of Solac e simultaneously, they focused specifically on Black Ops during this development cycle. Different teams within Treyarch focused on a certain game mode. Black Op s runs an enhanced version of the IW 3.0 engine used in World at War. The improv ements made allowed for bigger campaign levels to be made as well as enhanced li ghting. Music was composed by Sean Murray, with licensed music by the Rolling St ones, Creedence Clearwater Revival, and Eminem appearing in the game. Avenged Se venfold also recorded an original song for the game as well. The marketing of th e game began in April 2010.</p&gt;
