The results of the study show that childre
n who watch horror films experience anxiety, fear, difficulty sleepi
ng, negative thoughts, the desire to be alone, and imagining scary things to com
mit acts of violence, even against themselves and their parents

The Effect of Wa
tching Horror Film on Health Children and Adolescents in ...

Should You Let Your Kids Watch
Scary Movies? - Parents

parents : kids : development : should-you-let-your-kids-watch-...

While there is
no absolute age at which scary movies are appropriate,

Dr.
Dry recommends not introducing them to very young children beca
use of the potential to create long-term anxiety.
