Xbox 360, and Nintendo DS. All four platforms have multiplayer capability but only PS3 and Xbox360 have the ability to play online. There are several reasons why these consoles are considered the best for online gaming: they have the most powerful hardware, they are the most popular, and they have the most stable online play. However, they are also the most expensive. If you are looking for a budget-friendly option, you might want to consider a PC or a console like the Xbox One or PlayStation 4. These consoles are more affordable and still offer a great gaming experience. They also have a large library of online games.
