Papas Pizzeria Gameplay

Much like other Papas Pizzeria games, there are three save slots to choose from and you can customize your character. However, unlike more recent Papa Louie games, you cannot choose or customize a character.

When you start Papas Pizzeria, you are introduced to the backstory of the game. Players watch the character Roy driving their car to work only to find that Papas Pizzeria is empty. Where is Papa Louie? Roy finds a note saying that Papa Louie is on another adventure and that Roy is in charge of running the store while he is gone. Before Roy can come to his senses, he sees that the first customers have already arrived.

Fortunately, these two customers are part of the tutorial to get you acclimated to the different stations in Papas Pizzeria:

Topping Station: This is where you place toppings on the pizza before moving it on to the next station.
