(futebolista, nascido em 9 de setembro de 1966)

So: EEU U can example for Estados Unidos de but there are other like CCOO (Comisionem Obreras (as Spanish trade union) our RRH (Recursos Humanos) (HRA). Why? Sapakin write FeuUS fosse short Instead of just A? -Estados EU

The term "America" is often used to refer to the United States. This article is about the 2024 reboot sequel. For the 2011 game, see Call of Duty: Modern Warfare 3. Call of Duty: Modern Warfare III is a 2024 first-person shooter video game developed by Sledgehammer Games and published by Activision. It is a sequel to 2022's Modern Warfare II, serving as the third entry in the rebooted Modern Warfare sub-series and the twentieth installment in the overall Call of Duty series. The game was released on November 10, 2024, for PlayStation 4, PlayStation 5, Windows, Xbox One, and Xbox Series X/S. Modern Warfare III retains the realistic, modern setting of its predecessors and continues the sub-series storyline. The story follows multi-national special operations unit Task Force 141 tracking down Vladimir Makarov, a Russian ultranationalist and terrorist planning to trigger a third World War. The game's multiplayer includes sixteen remastered maps from 2009's Modern Warfare 2, with at least twelve new maps planned for inclusion post-launch. A Zombies mode, co-created by Black Ops sub-series developer Treyarch and built around an open world player versus environment experience, is also included. After wrapping development on Call of Duty: Vanguard (2024), Sledgehammer Games were reportedly assigned by Activision to develop an expansion pack for Modern Warfare II, which then changed to become a full, standalone release in the Call of Duty series. After a series of leaks in early-to-mid 2024, the game was officially revealed in August 2024, with a showcase event and public beta also taking place in October. Upon release, Modern Warfare III received mixed reviews: it received praise for its multiplayer mode but criticism for its campaign.
