<p&gt;arfare II. * Design Weapon Vault limitado ao conte&#250;do do Wear Vloc
ker no lançamento.</p&gt;
<p&gt;l of Duty: Modern Wars II na &#127820; Steam store.steampowered : app
;</p&qt;
<p&gt;ire_II Call Of Duty on Steam; Bem-vindo ao Callof Duty HQ, a&lt;/p&gt; &lt;p&gt;Direitos no Steam&lt;/p&gt; &lt;p&gt;ampowered: &#127820; app&lt;/p&gt; &lt;p&gt;&lt;/p&gt;&lt;p&gt;To fully exploit the constrained width, avoid loadin
g the neighbouring structures and straddle shared utilities running under the si
te, the £ house was constructed using a lightweight steel frame on a piled slab
. The steelwork was prefabricated as a series of £ portal frames that were cran
ed down the alley and site-welded together. Given that every inch in such a narr
ow space £ was valuable we chose to fully weld the connections and express the
frame internally, even utilising the depth of the £ steels to maximise the space
e.&lt:/p&at:
<p&gt;Alongside the painted steel a simple palette of spruce plywood, douglas
fir joists, terrazzo and cork £ flooring enriches the interior. Externally the
timber framed walls are clad in handmade pewter glazed brick slips with a patin
   £ that reflects the changing light of the sky. Both the simply landscaped and
planted rear courtyard and the garden in £ front of the house enhance the feel
ing of space in this small dwelling.</p&gt;
<p&gt;This self-build project had a long gestation, fitted £ in around profe
ssional and family life. The design and construction were developed as time and
money allowed so whilst planning £ consent was given in January 2014 and the gr
ound works commenced in the spring of 2024, the building was not £ completed un
til August 2024. We worked closely with friend and joiner Michael Tye to lead a
small team of local £ subcontractors and employed specialist fabricators for ce
rtain key packages as well as undertaking a fair amount of the work ourselves.&I
t;/p&qt;
<p&gt;The £ result is a unique and highly crafted home that is a testament t
o the commitment, effort and support of many £ people. By replacing a narrow di
sused alley with this comfortable small home we hope to have enhanced the street
scape we £ inhabit. As the building completes the terrace, so does the front ga
rden - with the simple bin store, planting, level £ access and bike parking we
aimed to keep it open and reinforce the pavement line without making a hard boun
dary. £ The development highlights the viability, both economically and spatial
ly of small brownfield sites to provide high quality sustainable development at
 £ a time of housing shortage. We see it as a model for other seemingly undevelo
