Step right up in our world of Bomberman Games online, otherwise known as Bomb It Games, because we are inviting you into one of the biggest video game franchises to have come out of Japan, one that is now owned by Konami, and has been around since 1983, with the original title of Bakudan Otoko, and the series has also been known as Dyna Blaster in Europe.

Of course, the series also has baddies, in the form of Professor Bagura, the main villain in the overarching story, or The Bad Bombers, five bosses with distinctive personalities, looks, and abilities who try

to stop our protagonist in recurring ways.

How to play Bomberman Games online for free:

If playing alone, help the character move through the mazes and plant bombs not only to tear down walls to help him advance, but mainly to defeat all the enemies in the mazes, trapping them in spots where bombs will then explode in order to take them out, and once you've cleared the field of all of them, you can advance to a new level with a bit more difficulty, but more fun as well. If you're playing with a second player, either on the same machine or in a multiplayer format, your goal is to bomb the other player in order to be the last one standing and win.
